Seeking assignments in Performance testing with an organization of repute

Having 11 years of diversified working experience in Performance Testing & Management, Risk Analysis & Mitigation, Test Planning & Reporting, and Communications Skills.

Working as a performance test engineer with Netcracker Technology, with more than **11 years** of experience in Performance testing in the renowned companies of IT industry, **Accenture , Dell, Cognizant, IBM, and Netcracker Technology.**

Professional Summary:

- Leading a team of 3 members.
- Line Manager for a team of 9 members.
- Experience in various Phases of Product Performance Testing Life Cycle (PTLC) i.e., NFR Assessment, NFR Gathering, Performance Test Approach, Performance Test Plan, Workload Model, Test script Development, Test Execution, Test Monitoring, Test Reporting and Analysis
- Communicating with Project Team and/or stakeholders for requirements gathering and suggesting the test approach after assessing the system
- Creation of test plan/approach document & estimating effort for end to end performance activity
- Experience in developing performance load models as per production load
- Have extensive experience in creating, maintaining, and performing load, break point, stress, failover, and endurance tests
- Setting up test environment by designing scenarios for test execution
- Test Data Set up for the test environment
- Monitor application performance & analyzing logs
- Analyzing tests/monitoring results & identifying bottlenecks or areas of concern
- Test report preparation
- Sharing the results and recommendation with project, and receiving sign off
- Exposure and experience on various monitoring tools Perfmon, AppDynamics, and Wily Introscope CA APM
- Expertise and certified in Microfocus – LoadRunner , Neotys- Neoload & Blazemeter -Jmeter
- Analysis understanding of **Heap Dump, Thread Dump and AWR.**

Technical Skills

Tools	LoadRunner by Microfocus, Performance Centre, Jmeter
APM/Monitoring Tools	Appdynamics, Grafana , Wily-Introscope
Bug Tracking Tools	Jira, QC/ALM
Web Analysis Tools	Fiddler
Scripting language	Linux/ Unix Shell Scripting
Programming languages	Python
Browsers	Internet Explorer, Firefox, Chrome.
Operating Systems	Windows, Linux
Database	Oracle12

Certifications: HP (LoadRunner) - **HP0-M19 & HP0-M48**
Neoload – **Neotys Certified Professional**
Jmeter – **Apache Jmeter Intro & Apache Jmeter Pro by Blazemeter**

Recognition: **Appreciation Certificate** by Project Head of Test Factory Services (**IBM**)
Awarded with **Pillar of the Month (Cognizant)**

Projects Handled

Organization : **Netcracker Technology Solutions**

Project Name : Vodafone
Client : Vodafone Hungary
Domain : Telecom
Duration : Aug 2020 to till date
Tool : Jmeter 5.3, Jira, Grafana

Role: Test Lead / Senior Performance Engineer / Line Manager

Project Name : Telefonica
Client : Telefonica URG
Domain : Telecom
Duration : Aug 2019 to July 2020
Tool : Jmeter 5.1, Jira,

Role: Senior Performance Engineer

Organization : **IBM India Pvt. Ltd**

Project Name : NIKE Re-platforming
Client : British Petroleum
Domain : Petroleum
Duration : Oct 2016 to Aug 2019
Tool : LoadRunner 12.53, HP Performance Centre 12.0, Wily Introscope

Role: Offshore performance team lead

Organization : **Cognizant Technology Solutions**

Project Name : Branch Banking and Trust
Client : BB&T
Domain : Banking
Duration : Dec 2014 to Sep 2016
Tool : LoadRunner 12.01, HP Performance Centre 12.0, Wily Introscope

Role: Associate-Projects

Organization : Dell International Services

Project Name : CoreLogic-U2L & Core Logic Tax Re-Migration

Client : Core Logic

Domain : Retail

Duration : Sep 2012 to November 2014

Tool : LoadRunner 11.00, Jmeter 2.7, Neoload 4.0.1, HP Performance Centre

Project Name : Fresh fields

Client : Fresh fields

Domain : Mail

Duration : June 2013 to Nov 2013 (only on weekends)

Tool : Jmeter, Perfmon

Project Role: Testing Engineering Analyst

Organization : Accenture Services Pvt. Ltd

Project Name : Aurora

Client : All State Insurance, USA

Domain : Insurance

Duration : April 2010 to Feb 2012

Tool : LoadRunner 9.52, QC 10.0

Project Role: Software Engineer

Educational Background

- **B.E. (Computer Science & Engineering)** from the National Institute of Engineering, Mysore under VTU (Visvesvaraya Technological University) in 2009 Scored 64.25% marks.
- **H.S.C** from C.B.S.E Board in 2003 Scored 69.80% marks.
- **S.S.C** from C.B.S.E Board in 2001 Scored 79.40% marks.

Personal Details

Date of Birth 4th August 1985

Address Bhoomika Sunrise, Gottigere, Bengaluru - 560083
